HTML5

ReactJS

EXPERIENCE

Academic Website Product (Project Leader)

Barangay Pandacaqui | January 2026 – April 2026

- Led the design and development for a custom event registration (for the locals) and queue management (for the barangay officials) platform.
- Employed the full extent of Angular technology and tools to provide secure data handling and real-time status tracking.

SEO Integration Project (Co-Lead Web Developer)

Maribel Antoco (Paramalan) | San Fernando |
December 2025 – April 2026

- Co-managed the end-to-end development of the recent website for a local client, utilizing WordPress and Elementor to present a custom, high-performance digital presence.

Website Redesign Project (Project Leader)

Hearing First UK | November 2024 – March 2025

- Directed a small team in a full redesign of a business website, implementing a modern UI/UX layout and transitioning the platform to a fully functional, mobile-responsive site.

EDUCATION

Holy Angel University | Angeles City
